Trial Programme 2024

Try before you buy with Sebel

Here at Sebel, 'Smart Research' is one of our Foundations for Performance. We know that it's the true insights we get, direct from the classroom, that allows us to offer fit-for-purpose products that help students and teachers be their best.

That's why we're offering a selection of schools the opportunity to take part in our complimentary furniture trial.

Trial our new Mindfull Range

Mindfull was created from a desire to better understand how we can support the next generation of students and help them find their happy space.

As students' everyday needs become more complex, so does the support required in the learning space. Research shows 1/3 of the classroom suffer from mental health conditions, sensory disorders, or a developmental disorder. These children are dealing with complex internal and external factors that are dramatically affecting their everyday.

We want to spend time with your school to better understand the challenges of today's students, that will help us continue to improve our products to better support the **growing sensory, behavioural and wellbeing needs of students in the classroom.**

Not only will we learn important insights about how your students use our furniture, but you'll also get the chance to discover what works best for your school and students without having to commit any dollars to it.

How do I take part in the trial?

Schools located in QLD, NSW, VIC and ACT can register their interest by emailing Sebel, sales@sebelfurniture.com

Registrations close 7 June 2024.

What happens if my school is selected for the trial?

Schools selected to take part in the trial will be notified by week 9 of Term 2, 2024.

The Mindfull furniture range will be delivered to the school by the end of Term 2, so the trial can begin in Term 3.

The Referral Programme:

If, after the trial has ended, you love the Mindfull furniture range and see the positive impact it is having in your learning spaces, you can purchase any of the range at a 10% discount simply by referring another school to take part in the trial.
