

Pirouette Tables

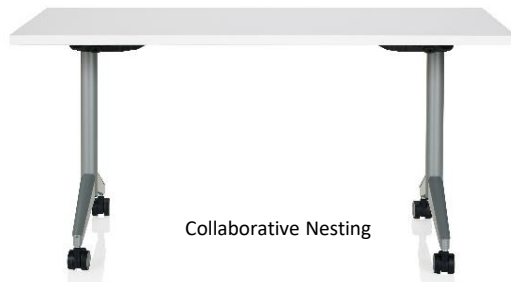

Clever | Simple | Flexible

Conceived from conversations with the market, we noticed that there was a lack of nesting tables that allowed ease of collaboration without 'hogging' real estate. The collaborative Pirouette was born. Allowing all four edges of the table to be utilised enabling greater collaboration without compromising optimal distances for project and group-based learning. The simple and convenient flip mechanism is easily accessible, making reconfiguring a space fast and effortless, creating a seamless experience for both teaching staff and students.

FEATURES

- Space saving folding and nesting table solutions.
- Solid and durable metal frame and leg system.
- Durable structural board with laminated top finish.
- Modular – works as standalone or configure clusters.
- Easy one-handed side latch to allow for easy flip and nest.
- Durable lockable castors make it easy to reconfigure and nest.
- Maximised leg spacing (and clearance) enhances user experience.
- Articulating leg enables simple leg-within-leg nesting solution.
- Sleek minimalist design profile.
- Available in a wide range of standard laminate colours.
- Lifetime warranty on Performance Edge™ tops.

OPTIONS

- Gangers allow multiple collaborative tables to be connected together. Made from high-strength nylon, the hook and peg combination draws tables together. No tools are required when joining tables.

To maintain a level workspace with collaborative Pirouette Table settings, you need to include the Ganger accessories to join the tables together. **Please note** that Gangers fitted to Pirouette Tables will only keep the table tops flat and level if the flooring that they are positioned onto is entirely flat and even. Any variances in flooring levels could make the tables tops uneven even when Gangers are fitted and used.
