

Cosmic Stool

sebelTM

Ergonomically designed for school to university students

The Cosmic Stool offers a sleek, minimalist design, making it an ideal seating solution for collaborative tables and benches.

Features

Multi-directional seat with continuous 360° footrest.

Welded steel frame finished in chip-resistant powdercoat.

Seat manufactured from easy-to-clean and highly -durable polypropylene.

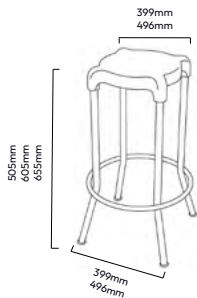

Stain and UV resistant seat.

Its lightweight construction and 360° footrest provide comfort and flexibility, enhancing user experience in dynamic environments.

Crafted with a durable polypropylene seat and a robust steel frame, the Cosmic Stool is easy to clean and built to withstand daily use. Its stain and UV-resistant materials ensure longevity, making it suitable for both indoor and outdoor applications.
