Podium

The Ultimate in Stadium and Auditorium Seating

[Learn more](#)

Podium

For over 75 years, Sebel has been committed to delivering top-quality products that excel in performance and longevity.

Our high performing spectator seating products have been the go-to choice for hundreds of stadiums, grand stands, lecture theatres and halls around the globe.

Experience the epitome of spectator seating with Podium.

Originally purpose built and designed for the 2000 Sydney Olympics, our Podium took out the Australian Design Award. Since then, it has featured in hundreds of stadiums and auditoriums around Australia, and across the globe.

From ANZ and Suncorp stadium to leading Universities, Podium offers the highest quality spectator comfort, strength and durability like no other!

“ **Its unparalleled award winning design continues to make it the go-to choice for spectator seating.** ”

Designed, tested and manufactured locally to the highest International and Australian standards.

Podium offers superior, high performing features, such as:

- ⊕ Premium quality UV resistant polypropylene to keep your Podium seating looking as good as new.
- ⊕ Full length wrap-around upholstered back, for better lumbar support.
- ⊕ Easy clean high gloss finish.
- ⊕ Waterfall front edge gives extra knee support where needed, maximising comfort for long sitting periods.
- ⊕ Three quarter gravity tilt reduces seat maintenance.
- ⊕ Quick-release seat dismantling enables seat re-use.
- ⊕ Variable rail mounting system for configuration flexibility.

“

Podium delivers comfort and flexibility while maintaining the durability needed over time – for thousands of events, millions of visitors and years of daily use.

FIRE RETARDENCY (FR) For indoor applications passes AS1530.3

For outdoor applications The injection moulding mix used has been tested in accordance with AS1530 "Method for fire tests on building components and structures Pt3". We are not aware of any AS standard existing for outdoor seating, as such the BCA for "Other materials or locations (non Sarking) requires a Spread of Flame Index no greater than 9 and Smoked Developed no greater than 8. Sebel Stadia seating for our outdoor UV mix results at 7 and 5 respectively therefore deemed to satisfy provisions.

Superior seating, superior service

When it comes to high performing, built to last products, Sebel is unrivalled. Our design philosophy and extensive project experience ensures a hassle-free journey from start to finish, while also providing the best cost of life for your venue seating.

CAD Designs & Seating Layouts
