NEW TOTE RANGE · EDUCATION

Strata

Tote Units & Trays

Mobile tote storage that adapts to the way your classroom works. Tall or low, double or triple bay, with shallow trays, deep trays or a mix of both.

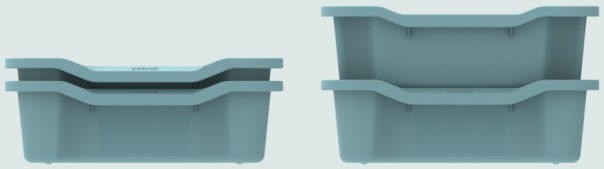

FEATURES & BENEFITS

Designed for busy, changing classrooms

DUAL STACKING

Nest it or stack it. Just turn it around.

Strata tote trays nest neatly inside each other when empty. Rotate the top tray 180° and it stacks directly on the one below, contents and all. One tray, two ways to store, more options for every room.

Nest when empty

Rotate 180° to stack

Biophilic colours

Ocean, Forest and Basalt bring the calm of nature indoors and keep busy rooms visually settled.

Made with recycled content

Trays are moulded from post-consumer recycled (PCR) polypropylene.

Built to the standard

Meets AS/NZS 4610 Part 3: Storage, giving schools and procurement teams confidence.

Space for labels

A polished panel on the front of each tray takes stick-on labels cleanly.

Moves with the room

Units sit on castors, so storage follows the lesson when layouts change.

Shallow, deep or both

Shallow trays (100mm) for books and worksheets. Deep trays (200mm) for resources and kits.

IN THE CLASSROOM

Within students' reach

At 740mm high, low units put materials at student height, building independence. The top doubles as a display or work surface.

Flexibility in the classroom

Use units to define a reading corner or small-group space, then roll them into a new layout when the lesson changes.

Ready for room moves

Stack full trays to move a class's materials between rooms, and nest empty ones to save storeroom space over the holidays.

THE TOTE UNIT RANGE

Pick a height. Pick a mix.

All units are 470mm deep, come on castors and include Strata tote trays fitted.

Tall 1070mm high

10-year warranty

Double bay
16 shallow trays
730W × 470D × 1070H

Triple bay
24 shallow trays
1087W × 470D × 1070H

Double bay
8 deep trays
730W × 470D × 1070H

Triple bay
12 deep trays
1087W × 470D × 1070H

Double bay
8 shallow + 4 deep trays
730W × 470D × 1070H

Triple bay
12 shallow + 6 deep trays
1087W × 470D × 1070H

Low 740mm high

Double bay
10 shallow trays
730W × 470D × 740H

Triple bay
15 shallow trays
1087W × 470D × 740H

Double bay
2 shallow + 4 deep
730W × 470D × 740H

Triple bay
3 shallow + 6 deep
1087W × 470D × 740H

UNIT FINISHES Oyster Grey · Sublime Teak · Polar White

Dimensions W × D × H mm. Images indicative only.
